## Documentación Landing Page rioolivares.cl

Fecha de actualización: 21 de Diciembre de 2021

El presente documento describe las tecnologías implementadas en el desarrollo realizado para la Unidad de Gestión Territorial y Patrimonio, División de Bienes Nacionales del Ministerio de Bienes Nacionales.

## Respaldo e instalación del wordpress de rioolivares.cl

Para realizar la tarea de respaldo, recomendamos emplear el plugin "Duplicator". El proceso con este plugin seria:

## Creación de respaldo

1) Hacer clic en el link de Duplicator en el menú lateral izquierdo

2) Pulsar el botón "Create New"

Packages » All

 Bulk Actions ~ Apply

 Packages
 Create New
 Create New
 Cick the 'Create New' button to build a package.
 New to Duplicator?
 Check out the 'Quick Start' guide!
 Check out the 'Qu

3) Puede editar el campo "Name" el nombre propuesto por uno que más le agrade y pulsa "Next".

4) Verificar que se cumpla con todos los requerimientos del plugin a nivel de servidor. Si todo se muestra sin error, se marca la casilla "Yes. Continue ...." y luego se pulsa el botón "Build"

	Back	Rescan	Build 🕨		

5) Al terminar de generar el respaldo el plugin mostrará la siguiente pantalla. Debe hacer clic en los botones "Installer" y "Archive", ambos archivos deben ser guardados en una carpeta que identifique al respaldo, ya que están estrechamente

ligados y no funcionará un archivo sin el otro.

## Instalación de respaldo

1) Crear el directorio que contendrá la landing, cuidando que el directorio sea propiedad del usuario del servidor web (que ejecuta los archivos .php). En nuestro caso es el usuario www-data y nuestro directorio es wordpress-files

2) Dentro del directorio colocar los archivos de instalación del portal. También deben ser propiedad del usuario del servidor web.

3) Ingresar la url del instalador. En nuestro caso es https://rioolivares.cl//installer.php y les mostrará la siguiente pantalla.

Duplicator	version:1.3.36 & Helo
	Mode: Standard Install
Step 1 of 4: Deployment This step will extract the archive file contents.
